"WF" = Withdraw with failing grade. These grades may be administratively assigned for withdrawing from a course. In such cases a student may have had a failing grade in a course, excessive absences or some other academic failure. Grades of "WF" are treated as "F" in computing cumulative averages and remain on the record even if the course is later completed successfully.

"W" = Withdraw without penalty. In this case the student is allowed to withdraw without the grade "W" affecting the grade point average.
